ALL CORRESPONDENCE TO SUBIACO

We have known Karl Saxon- owner of Creative Colours for 13 years. Karl is an award winning decorative painter of the first order. We have over the last 13 years had Karl paint our home inside and out on four occasions.

We have found him to be professional, reliable, honest and creative. His innovative use of colours never fails to amaze and please. He is however always open to suggestions and tries at all times to integrate his ideas with the client. His workmanship is first class, he is punctual, efficient and leaves no mess when his work is finished.

We have no hesitation in recommending Karl Saxon to anyone looking for a first class Decorative Painter.
