Reference.

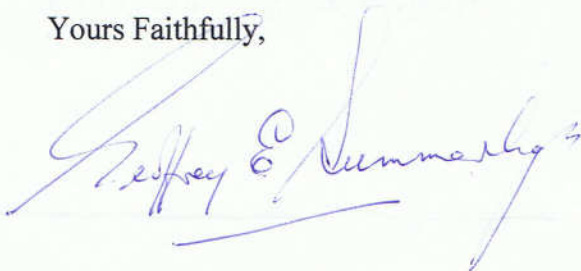

To whom it may concern.

Mr. Karl Saxon of 40A Bayport Circuit, Mindarie, has been known to me over the last fifteen years or more in his capacity as a first class painter.

He first became known to me as a painter attached to a building team who had tendered on a building for one of my clients. I was very impressed with his work and craftsman skills and thus proceeded to request his presence as the painter or nominated him direct as a specialist painter.

Karl is particularly skilled in special finishes, also in replicating existing effects or techniques. He is a competent mural painter and able to design and implement decorative work. He is a clean and tidy craftsman whom I do not hesitate to give the highest accolades.

Yours Faithfully,

A handwritten signature in blue ink that reads "Geoffrey E. Summerhayes". The signature is written in a cursive style with a long, sweeping underline that extends to the right.
